Dell Optimizer
We make it intelligent. You make it yours.

Dell Optimizer revolutionizes the way you work by fueling the world's most intelligent PCs[6]. It is the only business, AI-based optimization software that learns and responds to the way you work and is designed to automatically improve application performance, battery run-time, audio settings, and privacy—all in the background while you're working.

Accomplish anything with built-in intelligence that learns and adapts.

Extended power
ExpressCharge analyzes your power usage habits to improve PC battery utilization, extend run time, and charge your system faster.

Enhanced audio
Intelligent Audio delivers audio and mic enhancements and reduces background noise using Neural noise cancellation.

Simplified manageability
Elevate work experience with an easy-to-manage application that provides a seamless experience for both end-users and IT decision-makers.

Unmatched connectivity
ExpressConnect[7] provides the world's first simultaneous multi-network connection[8] that joins the best network[9] available.

Improved performance
ExpressResponse[10] analyzes how you use your preferred apps[11] to boost performance.

up to **3x** less buffering[12]

up to **20%** more in data transfer[12]

up to **30%** faster app/application data processing[12]

up to **8x** better video quality[12]
